She moved right along to Sarah C for the secretary report. Sarah asked everyone to review and approve the December meeting minutes. A few typos were found, Sarah will correct those and publish the new document to the PTA website. Jodi made a motion to approve the minutes and Ashley 2nd. Motion passed. Sarah also reminded everyone that the PTA facebook is the place to check for the most updated information, along with the PTA webpage www.tibbetspta.com Nicole W was not able to attend the meeting and the PTA board decided to wait for the next meeting to go through the budget and cash on hand documents in order for Nicole to answer any questions. We were told by Sarah H that there was some great feedback from the winter wonderland decor that was put up in December. The PTA would like to decorate for Valentine's Day again. Sarah announced that there will be no January FFN, but a plan is set for February. Keep a look out for the flyer for roller skating at Traxside in Burlington in February . \$5 per person (skaters and non-skaters) This price includes skate rental and a meal. Sarah said we are also hoping to have an In-person art auction in March, we will wait and see what happens.

Mr. Frost said December flew by so quickly, the virtual holiday program went well, the winter wonderland was great, and it seems that everyone enjoyed the winter break. Tibbets has started the winter Map testing this month.

There are a few dress up days set for Tibbets:

February 21- Career Dress Up Day this is part of the AVID program to get the students interested in their future.

January 28- Spirit wear day

February 11- Sports day, in honor of the superbowl

There is no school on February 4.

Mr. Frost stated that there are many Covid cases coming through the school district and they have been seeing a large number of staff out because of this. They have been getting creative with the staff and substitutes to make sure all classes are covered. Tibbets has started a mentorship program with the KG and 5th grade classes. The 5th graders will walk to the KG classes and pick up their buddy, help with any coats/winter gear, take them to recess & lunch to show the Kindergarteners the proper way to play, eat, and act during this break in the day. This program could evolve, it has already been very successful.

Ashley B said the Tibbets giving tree was able to help the Tree House serve 116 kids and 44 families this Holiday Season. The teacher's wish lists were great. (a note for next year: please have the teachers add the specific link to items, this is such a help for families) Mama T's for the holiday lunch was great, there were lots of leftovers!
